PROFESSIONAL OVERVIEW

Former customer service professional with many years of experience in fast-paced environments, including healthcare, telecommunications, and automotive industries. Seeking to leverage strong communication, problem-solving, and customer-centric skills into a web development role.

PROJECTS

myFlix Movie App

CareerFoundry | [GitHub Repo](#)

- Built non-relational database (MongoDB) of movie data
- Created single-page web application using React. Users can browse movie data and update profile information.

Meet App

CareerFoundry | [GitHub Repo](#)

- Built a serverless PWA using React and Test-Driven Development to fetch and display upcoming events from Google Calendar API
- Implemented PWA features such as offline support and "Add to Home Screen" functionality

EXPERIENCE

Health Concierge

CVS Health | Nov 2023 – July 2024

- Answered questions and resolved issues for members and providers via phone.
- Collaborated with coworkers to deliver excellent customer experience, highlighting teamwork abilities.
- Utilized internal systems and databases to retrieve and input information accurately.

Customer Service Representative

Verizon Wireless | Sept 2015-Jan 2018

- Communicated with customers over the phone to review wireless accounts.
- Assisted customers with setting up new features, such as adding data and international plans if needed.
- Troubleshoot technical issues with mobile devices and services.

Commercial Parts Pro

Advance Auto Parts | Feb 2011-Sept 2015

- Communicated with customers over the phone to help order automobile parts.
- Routed mobile professionals to auto mechanic shops for deliveries.
- Managed inventory lookups and order processing with precision.
